Remarks

The multicourt tournament takes place on three different surfaces (tennis sand, beach sand and artificial lawn). In the group stage every match is held on another surface (for example: in a group of 4 every player has to play three matches, one on each surface). In the KO stage the players switch to another surface after each set. The player who wins the "coin toss" can choose the first underground or leaves the decision to his match partner. And so on...

The tournament observes the ICO standards, the tournament mode and all other official requirements for 2017. The organizers and the ICO reserve the right to change these regulations and the play mode, if necessary. With the registration the participants accept the conditions of this announcement. By registration players release personal video- and photo rights to the organizer, contract partners and the main organizations. The schedule and / or the times given in tournaments are only to be understood as an orientation.
